

HOLT'S PEDAGOGUES.

Holt County's Annual Teachers' Association a Most Brilliant Success.

One of the most successful Teachers' Association ever held in Holt county, convened in the Oregon high school building, Thursday, Friday and Saturday, of last week, practically all of the teachers of the county being present.

After the organization and enrollment of the teachers, Superintendent Tate, of Oregon, Mo., gave the address of welcome in which he assured the teachers the old time hospitality in store for them at the hands of the citizens of Oregon.

This was responded to by Superintendent Schiefelbusch, of Craig, in a happy manner.

The afternoon session on Thursday was given over to a discussion of the state course of study, correlation and alternation, in which interesting and well prepared papers were given by Messrs. Alkire, Beattie and Smith, and Misses Morris and Etta F. Greene. A very helpful talk was given by Dr. Dan McGurk, of Kansas City, Mo., on "The Possibilities of the Playground," which provoked much enthusiastic discussion. The address of the latter at the Presbyterian church the same evening, subject "Tom and Mary," was thoroughly enjoyed by the large audience.

Friday morning County Graduation was ably discussed by Mr. Hugley, of the State Normal, at Maryville, Mo., May D. King and others.

The Friday afternoon session was one of the best during the association. "Grammar in the High School" was very ably discussed by President Cook, of the Maryville Normal. Superintendent Cosby, of Mound City, "Mo.," gave an excellent paper on "Physical Education," in which he pleaded for larger play grounds, manual training, etc.

The reception tendered the teachers by the citizens of Oregon, at the Woodland Hotel on Friday evening was one of the most delightful events which has taken place in Oregon. At nine o'clock the teachers of the county assembled in the parlors of the hotel and enjoyed the excellent music furnished by the local orchestra, H. A. Evans, leader. This music was equal in every respect to that given by any high priced orchestra from the city. At ten o'clock the doors of the dining room were thrown open and the teachers were invited to partake of a most delicious two course luncheon. This again demonstrates the ability and the willingness of Oregon to entertain. It was the unanimous opinion of the teachers that this eclipsed anything which had ever been given them before, and all retired with many expressions of good will.

On Saturday morning State Superintendent Howard A. Gess was present, and gave a good talk on "Rural Graduation," "State Reading Circle and State Wide Supervision." Dr. J. H. Coursault, of Missouri State University, was also present and gave a very helpful and instructive talk on "General Pedagogy." Thus closed the Teachers' Association of Holt county for 1908.

The committee on resolutions reported the following, which were unanimously adopted:

We, the teachers of Holt county in association assembled resolve:

FIRST, That we tender to the faculty of the Oregon Public Schools and the people of the city our warmest appreciation for the courtesy and entertainment shown us during our visit there.

SECOND, That we extend to the University of Missouri, the State Normal at Maryville, the State Department of Education and Dr. Dan McGurk our warmest thanks for the support given us during our sessions.

THIRD, That we heartily endorse State Wide Supervision as the paramount educational issue of the state.

FOURTH, That we endorse Rural Graduation as a splendid method of uplifting the Rural schools.

FIFTH, We further resolve that we extend to the County Board of Education our hearty cooperation and support in the work that they have done.

LASTLY, That a copy of these Resolutions be printed in the county papers.

ERNEST TATE, Secy.

BYRON COSBY, Com.

ETTA F. GREENE, Secy.

MAY D. KING, Secy.

NOTES.

The faculty of the Oregon Public schools wishes to thank the citizens of Oregon for their hearty response in entertaining the teachers of the county during the association of last week; to thank the local orchestra for its great assistance in furnishing the delightful music for the reception of the teachers on Friday evening; and to thank the ladies of the city for their generous assistance in so many ways that so greatly contributed to the brilliant success of the occasion.

Sterling Perkins and family are moving to town and will occupy the Kyger place, which he recently purchased from Mrs. George Hogrefe.

Miss Adelia Marker, of Laramie, Wyoming, stopped over for a brief visit with D. P. Dobyns on her way to White Cloud, Kansas, where she will make an extended visit with her parents and brother, Emil, of the White Cloud Globe.

Where They Teach.

Through the kindness of Superintendent Reavis, we give herewith a complete roster of the teachers attending the institute, held in this city last week. Of the 117 teachers of our county, 109 attended the institute, and a more enthusiastic, earnest bunch of pedagogues were never gathered together since the county institute was inaugurated.

VIRGIL WORLEY KILLED.

Oldest Son Dentist Worley, Deceased, in Wreck Formerly Lived in Craig.

Virgil Worley, aged 26 years, was fatally injured in the wreck at Park City, Montana, Friday morning, September 25, 1908, at 8 o'clock, when 26 persons were killed or mortally hurt. Worley was taken to a Catholic hospital at Billings, where he died at 3 p. m. The nature and extent of his injuries are not known, except that he had "both legs broken and internal injuries."

The body was brought to Fairfax, over the Burlington, and buried beside that of his father.

Virgil Worley's name does not appear in the report of the wreck, as he was under an assumed name. For some reason best known to himself he was called in the northwest "R. A. Rickers." At the same time it is said that he made no attempt to hide his identity, which is indicated by the railroad immediately telegraphing his mother, in Kansas City, and his brother at Rock Port.

The accident was a collision between a Burlington passenger, No. 16, with a westbound freight caused by a blinding snowstorm. It took place on Northern Pacific tracks.

Virgil's mother, now Mrs. J. W. Patter, of Kansas City, was in Craig Monday en route to Fairfax, at which point the body arrived Wednesday.

Virgil Worley was born in Madison county, Arkansas, in 1882 and with his parents lived at Craig several years.—Craig Leader.

They Were Touched.

During the Taft meeting a number of Holt county citizens were relieved of their surplus cash by a clever gang of pickpockets—some were relieved in the crush at the Union Station and some at the Tootle opera house.

J. P. Ruhl, of New Point, was relieved of his purse containing \$25 at the Union Station and did not miss it until he went up to the ticket window to purchase a ticket for Chamberlain, S. D., where he was going to make entry for land. His wife was with him and had gone to the city with the view of making some purchases. Owing to his loss he had to return home to make other arrangements.

James Kennish, of Mound City, while in the crowd at Tootle's was relieved of his purse containing \$11 in cash and two checks drawn on the Mound City banks. One was signed by C. Biggs for \$9 and another for \$11 signed by Bessie Kreek.

They Were Entertained.

The reception to the teachers of the county last Friday evening was a most pleasant event. The teachers met in the parlors of the Woodland hotel at 9 p. m. and listened to the music furnished by the Oregon orchestra, under the direction of H. A. Evans. At about 10 o'clock the dining room was opened and the teachers enjoyed the delicious luncheon of two courses, which the citizens and ladies of the town had so graciously furnished, and which was so well served by Mrs. Price, the hostess of the hotel. This was an event long to be remembered by all who were present. At half past eleven o'clock the guests departed feeling in the best of spirits and very thankful that they had been present on such a joyous and happy occasion. Everyone seemed to think that Oregon was certainly a past master in that art of all arts, the art of entertaining. Many were the expressions of good will and pleasure on all sides for this manifestation of interest in the teacher and his work on the part of the good people of Oregon.

Christian Church Convention.

The Christian churches of Holt county held a very interesting convention at the Christian church in Oregon, October 7, 1908.

Nearly all of the churches were represented and a report of the last year's work given. Many interesting problems pertaining to the church and Sunday school work were discussed.

The addresses by W. H. Bryan, of Kansas City, state president of Sunday school work, and Mrs. White, of Chillicothe, who is a state officer of the C. W. B. M. department, were greatly appreciated.

The following officers were elected: President of county work, W. M. Carr, Mound City; first vice-president, R. H. Dawson, Oregon; second vice-president, E. W. Smith, Maitland; the hold at large, W. H. Hardman, Forest City; Scott Crider, Maitland; W. S. Thompson, Craig; Will Milson, Forest City. The Bible School Work, G. Snell, B. H. Dawson, Mrs. J. W. Davis and D. W. S. Wood.

The time and place of next meeting was agreed upon at Craig.

The following resolutions were submitted and adopted:

Resolved, That we extend to the good people of Oregon, our most sincere thanks for their courtesy and royal entertainment during this convention.

That we use every effort to encourage the stronger churches of Holt county, to co-operate in providing regular preaching for the weaker churches.

At the close of the convention resolutions of respect were read for those of the devoted members, who had been called to the better home, since the last convention.

In this issue of THE SENTINEL will be found the eight proposed amendments to the Constitution of Missouri, which are to be voted on at the November election. They fill three columns of closely printed matter, and as it is your vote and that of every voter in the state that decides their adoption or rejection, read them carefully and determine whether to vote yes or no. In a later issue we hope to review these amendments with the arguments for and against so that our readers may have both sides.

MOLINE WAGONS FOR SALE BY

COTTEN & SON,
FOREST CITY, MISSOURI.

—Franz Dudeck, of Forbes township, was transacting business in St. Joseph, Monday of this week.

—Miss Ella Castle, of Oregon, and Mrs. Don Morgan and Mrs. J. A. Williams, of Forbes, were St. Joseph visitors, Monday last.

—Alfred Noland, who has charge of the coal chute for the Burlington at Napier on the night shift, was a St. Joseph visitor, Monday last.

—S. I. Bunker, of Fortescue, was in St. Joseph last Monday getting the whistle for his saw mill fixed up so that he could make a noise.

—George F. Seeman and Levi Schuler have returned from Lincoln, Nebraska, where they went to see Billy Bryan and look after some business interests.

—Work on The Oregon Interurban Railroad is progressing nicely. The depot at this end of the line will be within the corporate limits of the city, and only 2½ blocks from the court house. The Burlington depot at Forest City will be used by The Oregon Interurban.

—J. F. Mitchell, of Forest City, sold two span of mules last week for \$1,000. He received \$550 for one span and \$450 for the other. Holt county mules sell for pretty good prices, don't they?

—On the first of this month John J. Lukens completed his eighth year in the Rural Mail Service. John is the oldest man in the bunch in the point of service from this office, and has been a faithful servant to his patrons.

—County Clerk Zeller is in attendance at the annual meeting of the County Clerks' Association of Missouri, in session at Kansas City, this week. He left Wednesday noon, as he is on the program for a paper, entitled "School Estimates and Enumeration," which he read Thursday of this week.

—We will save you from 10c to \$1 on every pair of Cotton Blankets you buy from us this week or next. If we don't save you this amount over ANY other store's prices, we will dig down into our pockets and hand you the amount we claim to save you. A little strong, but we have the goods. KREER & HARNES.

—Will Davidson was over from Nebraska City, Neb., a few days this week, visiting his parents, Sam Davidson and wife, and other relatives.

—Alex. VanBuckirk, of Oregon, was in town this afternoon on his way to James Hart's, south of town. He expressed confidence in the ability of Oregon to retain the county seat in spite of the efforts of Mound City.—Fillmore Lever.

—Rev. T. J. Enyeart, who has been pastor of the M. E. Church, this city, for two and a half years, was transferred to Savannah by the North Missouri Annual Conference, which was in session in Tarkio, last week, and which adjourned Monday of this week. We regret the departure of Rev. Enyeart and his estimable family from our midst. They have made many warm friends who sincerely regret their departure. We congratulate the citizens of Savannah upon their acquisition, and trust peace, prosperity and health may abide with them in their new home. His successor is Rev. T. C. Taylor, of the Savannah charge, and to whom we extend a hearty welcome.
